Q: Are there any startup fees or costs?

A: No. It is free to sign up—we pay you!

Q: How does the Program work?

- A: Sign up your company as an affiliate at onepak.com/signup.
- OnePak will create co-branded literature with instructions for your customer on how to return their equipment.
 - When you want to make a referral, simply visit onepak.com/lease to send the literature to your customer. You're done!
 - OnePak will work with your customer to determine the best solution for their collection needs, and will bill the customer directly based on weight, distance and any special services required. An email will be generated to your company when a sale has been finalized.
 - OnePak handles everything after the point of referral, and your company receives a 5% flat commission on every closed job you refer.

Q: When will I get paid?

- A: OnePak will cut your company a check for 5% of total sales, paid quarterly on the 15th of the month.
- OnePak also pays out "bonuses" to the top performing reseller!

Q: What services are you providing my customer?

A: Total I.T. Asset Collection Solutions

CERTIFIED: *Save thousands in claims and dispute management with Certified—a white-glove national logistics service designed specifically for the needs of end-of-lease, data sensitive or higher value I.T. equipment collection. Crews digitally capture asset-level information onsite and you & your customers view it online.*

EASY RETURN: *A self-service option in which the customer records their own serial numbers and asset information, then schedules a pack up & pick up. We enter the asset-level information and you & your customers view it online.*

REPAK: *Highest quality customer-pack boxed kit solution for safely returning the most common I.T. assets and electronics. Customers receive a shipping kit anywhere in the U.S., tracked online out and back, ideal for locations with 1-10 assets.*

PALLETPAK: *Collect a half-pallet to a pallet load of lesser value assets at your pace with this shipping kit that includes a Gaylord box and pallet. The kits are ordered online and shipped out flat. Once the Gaylord box is full, return shipment is scheduled online and picked up within 2 business days.*

REQUIRE ADDITIONAL PROTECTION? *Protect hard drive data and assets with additional \$1M in liability insurance coverage.*
